Mission Statement

TSRI’s Network for Women in Science strives to provide and encourage visibility, leadership, and community for female scientists; and to raise awareness for and promote change related to female representation in STEM-related education and careers.

TSRI Network for Women in Science 2017 – 2018 Executive Committee
Events

**Monthly Meetings** are open to the entire TSRI community to help plan NWiS activities and events.

**Coffee Hours** combine coffee, cookies, and a topical discussion. Past topics include work-life balance, financial planning, and communicating science in the media.

**Happy Hours and Social Events** are open to the entire TSRI community and provide an opportunity to meet NWiS members and learn about our mission in a more informal setting.

**Movie Nights** feature a timely and NWiS-relevant film. Past films include Miss Representation, The Mask We Live In, and a field trip to see Hidden Figures.

**Biannual Female Faculty Lecture Series** features a nominated TSRI or external professor who gives her personal perspective on a career in science.

Female Faculty Lecture Series Speakers: Dr. Jeanne Loring & Dr. Nancy Caine

Masculine stereotypes were a focus of this spring’s movie screening and coffee hour.

Our Goals

- **Make a positive difference** in the culture of science for the benefit of the entire scientific community
- **Provide support, guidance, and opportunity** for female scientists at Scripps
- **Create awareness** of issues that affect scientific career development and success
- **Promote diversity** at TSRI

Membership

Free and open to the entire TSRI community, regardless of gender!
