The objective of the symposium is to provide an experience and opportunity for our graduate students, postdoctoral fellows, faculty and neighboring scientists to hear from and meet some of the best scientists in the world. The invited distinguished speakers present research covering diverse topics within the molecular sciences.

The annual tradition of this Chemistry Department event was started at the same time the Department of Chemistry was established at TSRI with the first event held in 1990.

Over the years we have hosted 110 lectures (by 96 different distinguished scientists) from all over the world whose renowned work is of great interest to the scientific community at TSRI and the neighboring communities. We have had among those speakers an impressive 13 Nobel Laureates (many receiving the prize in the years since speaking here).
1:00 p.m. to 1:10 p.m.
Welcome by Professor Dale Boger

1:15 p.m. to 2:05 p.m.
Introduction by Professor Kim Janda
George F. Koob, Ph.D.
DIRECTOR, NATIONAL INSTITUTE ON ALCOHOL ABUSE AND ALCOHOLISM
NATIONAL INSTITUTES OF HEALTH
“What the Neurobiology of Addiction Tells Us About the Neurobiology of Emotion”

2:10 p.m. to 3:00 p.m.
Introduction by Assist. Professor Keary M. Engle
Professor Melanie S. Sanford
MOSES GOMBERG DISTINGUISHED PROFESSOR OF CHEMISTRY,
ARTHUR F. THURNAU PROFESSOR OF CHEMISTRY
UNIVERSITY OF MICHIGAN
“Development and Applications of New Fluorination Methods”

3:05 p.m. to 3:25 p.m.
Coffee Break

3:30 p.m. to 4:20 p.m.
Introduction by Professor Jeffery Kelly
Ronald T. Raines, Ph.D.
PROFESSOR
UNIVERSITY OF WISCONSIN - MADISON
“Diazo Compounds: Versatile Tools for Chemical Biology”

4:25 p.m. to 5:15 p.m.
Introduction by Professor Peter Schultz
Dr. Tadhg Begley
D.H.R. BARTON PROFESSOR OF CHEMISTRY
TEXAS A&M UNIVERSITY
“New Catalytic Motifs in Flavoenzymology”

5:20 p.m. to 5:30 p.m.
Closing Remarks by Professor Phil Baran
1:00 p.m. to 1:10 p.m.
Welcome by Professor Dale Boger

1:15 p.m. to 2:05 p.m.
