

LAB TOUR WORKSHEET

Directions for students: Please quickly read over the following questions before you enter the lab. As you tour the facility, look for the information needed to complete the worksheet. You may also pose questions to the person giving the tour to assist you in completion.

1) Most labs at TSRI are named for the Principal Investigator (P.I.) or for the research service performed there. What is the name of this lab and what department is it in?

2) What type of work is performed in this lab? List several research projects being pursued.

3) TSRI is a non-profit research institution. How does this lab fund their work?

4) Who did you meet in the lab? What are their job titles? What did they show you?

5) Was there a demonstration? If so, please explain.

6) Please write your impressions of the lab and what you think it would be like to work here.
