

Academic Job Search 101

Application & Interview Overview

Ryan Wheeler

Manager, Career & Postdoctoral Services Office

Topics: the academic job search timeline and resources for finding academic jobs; how to effectively compile your application package, including how to structure your CV and cover letters; and how to navigate phone screens and campus interviews.

Moderated Q/A Panel

Ian MacRae, Ph.D. and Takanori Otomo, Ph.D.

Assistant Professors, Molecular Biology Department

Open question and answer session with two TSRI junior faculty members.

Topics: suggestions for the job talk and chalk talk; lessons learned; and insights for effective campus visits and negotiations.

Wednesday, September 23, 2009
